| 7XL                              | 70  | 84       |

### HOW TO MEASURE

Find a garment that you know fits you well. Make sure this garment is the same style as the garment you are sizing for. Lay the garment on a flat surface and measure from point to point as indicated on the adjacent illustration. Find where your measurements fall on the sizing guide.

(All of the measurements shown below have been obtained by the same method)
